

Have you ever needed to talk with another parent who understands?

CONNECTING PARENTS TO PARENTS

When you have a child or youth who has chronic healthcare needs or disabilities, you often feel scared, anxious and alone.

CONNECTED is a free MN statewide parent-to-parent peer support program for families whose children have special healthcare needs or disabilities.

When you contact
CONNECTED you will
receive:

- Connection with another parent who has a child with similar needs or experiences
- Information and assistance to help you get needed services and supports including financial, healthcare, educational and community life
- Emotional support, understanding and acceptance so you do not feel alone
- Encouragement and education to empower you to speak up for your child and get needed services
